FEATURED BENEFITS

- **PFAS FREE** - This products is PFAS free. See testing for complete details.
- **SMART FLOW** - Smart Flow greatly improves flow compared to traditional hole punch urethane backing. Along with large holes every 3", its fully permeable design allows liquids to pass through. Tiny open holes across every millimeter of the backing and a special coating lock in the yarn while keeping the rest permeable.
- **LUSTER GUARD™** - Lowest luster UV stabilized turf yarn in the industry. Eliminate the shiny mirror effect that makes artificial grass look like plastic.
- **15/50** - 15 year warranty backed by 50 year old business. See warranty sheet for details.
- **MADE IN USA** - Meets the requirements by the FTC to carry the MADE in USA label.

TRI-COLOR

BLADE TECHNOLOGY

Luster Guard™
TECHNOLOGY

Other turf reflects sun rays which produces shiny turf

Luster Guard™ diffuses the sun rays which eliminate reflection and shine
